٢٦. Farajzadeh S, Esfandyarpoor I, Poor Khandani E, Ekhlasi A, Safari S, Hasheminasab Gorji S. Efficacy of Combination Therapy of Pimecrolimus ١٪ Cream and Mometasone Cream with Either Agent Alone in the Treatment of Childhood Vitiligo. *Journal of Mazandaran University of Medical Sciences*. ٢٠١٣ Feb ١٥; ٢٢(٩٧): ٢٣٨-٤٨.

٢٧. Shamsi Meymandi S, Dabiri Sh, Iranpour M, khalili M, Aflatoonian M. Qualitative and quantitative study of immune cells in various types of cutaneous lichen planus. *Iran J Dermatol* ٢٠١٩; ٢٢: ٣٠-٣٩.

Mentor of thesis:

۱-Evaluation of family quality of life in the patients with vitiligo by Persian version of the family dermatology life quality index (FDLQI) in Kerman-Iran (۲۰۱۷)

۲-A survey to evaluate validity and reliability of Persian version of “Quality of life index in infants with dermatitis” (۲۰۱۶)

۳-A survey to evaluate validity and reliability of Persian version of “Children’s Dermatology Quality of Life Index” (۲۰۱۶)

۴-Comparison of efficacy of topical conventional ۱ % clindamycin phosphate with niosomal ۱% clindamycin solution in treatment of acne vulgaris (۲۰۱۷)

۵- Comparison between topical niosomal zinc sulfate with intralesional glucantime and cryotherapy with intralesional glucantime in treatment of cutaneous leishmaniasis. (۲۰۱۸)

۶-Comparison the efficacy of cryotherapy plus topical niosomal zinc sulfate and cryotherapy plus placebo in the treatment of verruca vulgaris (۲۰۱۷)

۷-A study to evaluate association of atopic dermatitis with autoimmune disorders (۲۰۱۷)

۸-A study to evaluate association of clinical presentations of vitiligo with autoimmune disorders (۲۰۱۷)

۹-A clinicopathological study of basal cell carcinoma in Kerman (۲۰۱۷)

۱۰-Demographic features of infants with hemangioma admitted in Afzalipour Hospital, Kerman (۲۰۱۷)

۱۱-Evaluation of prevalence of granulomatous skin lesions in patients referred to Afzalipour Hospital, Kerman (۲۰۱۸)

۱۲-Evaluation of immunohistochemical findings and clinical features assessment with local aggressiveness in basal cell carcinoma (۲۰۱۸)

۱۳-Evaluation of clinicopathological features of patients with autoimmune bullous skin diseases in patients referred to Afzalipour Hospital, Kerman (۲۰۱۷)

۱۴-Comparison of prevalence of vitamin-D deficiency in patients with alopecia areata and healthy ones, Afzalipour Hospital, Kerman (۲۰۱۷)

۱۵-Evaluation of prevalence of scabies in patients referred to Afzalipour Hospital, Kerman (۲۰۱۷)

۱۶-Comparison of efficacy of pregabalin with ketotifen in treatment of uremic pruritus in dialysis patients (۲۰۱۸)

۱۷-Evaluation of cost of treatment in patients admitted in Dermatology ward in Afzalipour Hospital, Kerman, ۲۰۱۰-۲۰۱۶(۲۰۱۸)

۱۸-Evaluation of quality of life in the family of patients with atopic dermatitis (۲۰۱۸)

۱۹-Evaluation of prevalence of skin disorders in children referred to the pediatric dermatologic clinic, Afzalipour Hospital (۲۰۱۸)

۲۰-Evaluation of prevalence of metabolic syndrome in vitiligo patients in comparison to healthy ones (۲۰۱۷)

۲۱- Evaluation of prevalence of tinea capitis in patients referred to dermatology clinic, Afzalipour Hospital, Kerman (۲۰۱۸)

۲۲- Evaluation of clinicopathological features of children referred to dermatology operation room, Afzalipour Hospital, Kerman (۲۰۱۷)

۲۳- Evaluation of clinicopathological features of skin tumors in patients referred to dermatology operation room, Afzalipour Hospital, Kerman (۲۰۱۸)

۲۴- A clinicopathological study of lichen planus in patients referred to Afzalipour Hospital, Kerman (۲۰۱۸)

۲۵- A clinicopathological study of connective tissue diseases in in patients referred to Afzalipour Hospital, Kerman (۲۰۱۸)

۲۶. Assessment the prevalence of cherry angioma lesions in type ۲ diabetics patients referring to endocrinology and dermatology clinics in ۱۳۹۷

۲۷. Clinicopathological evaluation of seborrheic keratosis lesions in patients referred to Afzalipour hospital Kerman in ۱۳۹۰ to ۱۳۹۵

۲۸. Clinicopathological study of skin tumors in patients referred to dermatology clinic of Afzalipour Hospital ۲۰۱۵_۲۰۱۶

۲۹. Evaluation of demographic features of patients' referred to dermatologic ward (PUVA therapy) in Afzalipour hospital, Kerman in ۱۳۹۰-۱۳۹۵

۳۰. Assessment of Association between androgenic alopecia with body mass index on over ۱۶ years old men refer to dermatology clinic of Afzalipour hospital

۳۱. Comparing the efficacy of microneedling and tranexamic acid with ۴٪ hydroquinone in the treatment of melasma.

۳۱. Comparing efficacy of combination therapy with niosomal benzoyl peroxide and clindamycin versus niosomal clindamycin in acne vulgaris

۳۲. Comparison between the efficacy of carboxytherapy vs microdermabrasion in the treatment of striae alba

۳۳. Evaluation of efficacy of combined of carboxytherapy and NB-UVB with NB-UVB in vitiligo patients

۳۴. A study to evaluate frequency of papulosquamous diseases in skin biopsies in Afzalipour hospital, Kerman

۳۵. Evaluation of demographic features and risk factors of patients with melasma who referred to dermatologic clinic in Afzalipour hospital-۱۳۹۸

۳۶. Evaluation of quality of life in children with vitiligo referring to dermatology clinic of AfzaliPourkerman Hospital in year ۱۳۹۷

Lectures:

۱-Cutaneous presentations of systemic diseases (۱۰,۹,۲۰۰۴)

۲-Novel therapies in dermatology (۴,۱,۲۰۱۷)

۳-Novel therapies of atopic dermatitis and vitiligo (۷,۱۰,۲۰۱۷)

۴-Genital wart (۱۱,۱,۲۰۱۸)

Book publication:

Neonatal skin disease, written by S.Farajzadeh (edited by Aflatoonian)

Teaching experience:

Clinical teaching for medical students, Afzalipour hospital, Kerman, IRAN, ۲۰۱۲-present

Clinical teaching on general dermatology for residents of dermatology, Afzalipour, Kerman, IRAN, ۲۰۱۲-present

Reviewer:

Zangan University of Medical Sciences Journal (from April ۲۰۱۸)

Referees:

۱-Fekri Alireza, Professor of dermatology, Afzalipour University hospital, Kerman, IRAN

۶-Meymandi S., Professor of dermatology, Afzalipour University hospital, Kerman, IRAN

۷-Farajzadeh S., Professor of dermatology, Afzalipour University hospital, Kerman, IRAN
